Instructions:

Glue page 1 (map and chart) and page 2 (questions) to file folder and laminate.

Cut out manipulatives and laminate.

Adhere scratchy velcro to the letter manipulatives.

Adhere soft velcro to the spaces representing the letter on the map.

You may use the manipulatives to match the spaces on the map, or to choose the answers to the questions. The answers may also be chosen with a visavis marker and wiped off for multiple uses.
