

Math 5.2 - Number Sense and Operation - Addition & Subtraction

Performance Level 3 (P.L. 3): Use manipulatives to add quantities with a sum less than or equal to 50 and subtract quantities with a minuend less than or equal to 50 without regrouping.

Task Specification: The student will use manipulatives to add quantities with a sum less than or equal to 50 and subtract quantities with a minuend less than or equal to 50 without regrouping.

Instructions: Use 2 folders (1 for addition and 1 for subtraction)

1. Glue the questions & answer fields to the upper, lower & back portions of the folder. (Pgs. 1 - 3 on one folder and Pgs. 4 - 6 on another folder)
2. Cut out number manipulatives. (Page 7)
3. Laminate the folders and the manipulatives.
4. Place scratchy Velcro on the backs of the manipulatives.
5. Place soft Velcro pieces on the X's.
6. Place corresponding manipulatives to the right of the answer fields on each page; mixing them up.

Items needed:

24 Soft Velcro Dots cut in half

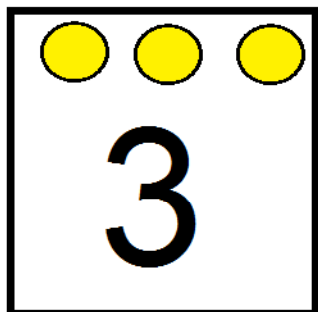

12 Scratchy Velcro Dots cut in half

2 folders

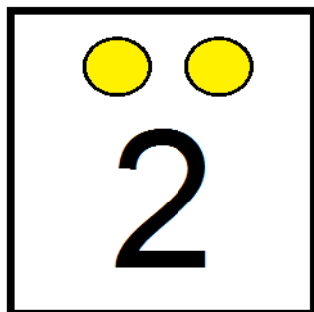

scissors, glue, lamination
