Math 3.5

Task Specification: The student will organize data into a table/chart.

This activity was modified from Yulia Rodriguez from her board titled Graphing plants off of Boardmakershare.

Instructions:

Make sure Boardmaker is in Design mode (if needed, press CTRL + D or ESC to change to Design Mode).

Print pages 1-3 (\*\*Note, this will print just fine in black and white!)

Glue pages 1 and 2 inside file folder and laminate.

Cut out manipulatives from page 3 and laminate. Use these manipulatives for the student to place in designated answer boxes.

Velcro can be used to keep answers secure. \*\*remember that scratchy Velcro is used on manipulatives and soft Velcro in answer boxes.
